Response to Amendment

1. Claims 1, 8, 15 and 20 have been amended.

Allowable Subject Matter

- 2. Claims 1, 8, 15 and 20 are allowed.
- 3. The following is an examiner's statement of reasons for allowance:

As per Claims 1, 8, 15 and 20.

The present invention is directed to a method of hedging an investment risk in an actively managed exchange traded fund. Each independent claim identifies the uniquely distinct features "one or more computers programmed with factor analysis software determine the factor information, which measures sensitivities of the fund holdings to factors that affect the value of the fund holdings, and the factor information does not reveal the fund holdings; and using one or more computers with the factor information as an input to select a portfolio of financial instruments to produce a hedging portfolio with substantially the same sensitivities to the factors that affect the value of the fund holdings". al., disclose dynamic predictive strategies using expert systems and neural networks, either singularly or in combination, fail to anticipate or render the above underlined limitations obvious.

The claims which depend from the above allowed claims are allowed based on their dependencies.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
